

Austins in the Federal Census of 1850

Texas

by Jennie Mae Austin Auld

Editor's Note: Texas was discovered and explored by Spaniards from 1519 to 1684. LaSalle attempted settlement at Matagorda Bay in 1685, laying the basis for the French claim to Texas as part of Louisiana. The United States acquired the French claim in the Louisiana Purchase in 1803, but relinquished Texas in the treaty with Spain in 1819. Texas was a province of Mexico until it declared independence on 2 March 1836. The Republic of Texas sought admission to the United States, and became the 28th state on 29 December 1845, only five years before this Federal Census was taken.
